

May 2008 prayer letter. The Wilps Family missionaries to Paraguay.

Little is much when God is in it, Labor not for wealth or fame, there is a crown and you can win it, if you will go in Jesus name.

We must obey The Holy Spirit, preaching the Gospel to every creature. The other day I was driving home through our city "Villeta" at night. While I was driving I saw a man standing on the corner next to his business. He had a business making hamburgers and had a hang out spot for young people to drink and play pool.

As I drove by, I saw the man standing on the corner and at this moment driving passed him the Holy Spirit of God spoke to me through my conscience saying " Tell him about My Son Jesus, The Savior" At this moment I had two choices. I could have said to myself, Next time or another day. I could have said I will when I see him again alone or it is too late I must get home or just plain out say NO! Or Yes, Lord not my will but Thine.

I chose to obey. I pulled over took out some Chick tracts and walked over to where the man was. I went up to him saying hello, introduced myself, He than said he knew who I was, I said really he said yes every body here knows you. I said well I have something to tell you, and with all of my heart I told him that 14 years ago I was lost and if I died I was going to Hell. But 14 years ago I heard about a man named Jesus, that He loves me and .....(As I am writing this to you tears are streaming down my face telling you this story because Jesus really loves me to die for me. He saved me and he loves all of you too) I told him that Christ came to save me. I then trusted Christ as my Savior. I invited Jesus Christ by faith to enter my heart and He did. As I was telling him about the Death, burial, and resurrection, tears began to stream down his face. I saw God touching his heart with Conviction. I had to leave because of the customers. I believe the next visit he will receive Christ. Oh... What a joy to obey and preach the Gospel!!

I exhort all of you to obey and tell every one your testimony how Jesus saved you. Never lose the joy of your salvation.

We live on the border of Argentina. We are separated by the Paraguayan river. Nestor Morales one of our deacons, has family that lives across the river in Argentina who he says never have heard the Gospel. We are planning to take a row boat and go across the river into Argentina to win them to Christ. Please pray for us.

We received the Bibles we needed. Praise the Lord!! Thank all of you for your prayers. Now every one has a bible in their hands and enough for new converts.

Pray for the health of my family. Every one has been very sick.

Your missionaries to Paraguay South America the Wilps Family.
